

# **Statutes of the GAMM-Activity Group “Analysis of Partial Differential Equations”**

## **1. Aims of the Activity Group**

The activity group supports the communication and collaboration of all persons or groups interested in the mathematical analysis of partial differential equations and their applications. It exclusively and directly pursues scientific objectives which contribute to the promotion, spreading and application of the research field "analysis of partial differential equations". The activity group represents the research field "analysis of partial differential equations" within the GAMM and collaborates with similarly oriented organizations in Germany and abroad. More detailed information is provided on the websites.

## **2. Membership**

Any person interested in the mathematical analysis of partial differential equations can become a member of the activity group by applying to the board of officers. Applications for admission shall be sent to the executive committee which will make a decision on acceptance. The membership terminates either by resignation of the member or by exclusion. A member who has offended the aims of the committee or damaged its reputation can be excluded by the executive committee.

## **3. Organizational structure of the activity group**

The general meeting and the executive committee are the organizational instruments of the activity group. A general meeting shall be held at least once every two years. Each member present is entitled to vote. The general meeting reaches a quorum independently of the number of members present. The executive board is elected by the general meeting and consists of one spokesperson and at least two further members. The members serve for a two-year term. Candidates receiving the most votes will be elected. The executive board will determine one or two deputy spokespersons. The members of the executive board can resign at any time. If the spokesperson resigns, the executive board will determine a new spokesperson. In this case a new spokesperson has to be elected on the next general meeting.

## **4. Modification of the statutes**

The statutes can be modified by simple majority of votes of the meeting of all members.

## **5. Elimination of the activity group**

The elimination of the activity group can be decided by the board of officers or the meeting of all members by a 2/3 majority.
