

# Winter Term 2024/2025

**Schedule for lecture and exercise hours for the group of mandatory courses (Pflichtmodulgruppe) "Methods of Economics for Students of Economics" in the M.Sc. in Economics.**

**Basic structure:** During the first two weeks of lectures plus Monday of the third week, a math camp (Mathematik-Vorkurs) is taking place which has a special schedule and is part of the examinations. Beginning in week 3, each of the three courses run separately. However, there is a particular schedule for week 3 due to All Saints's Day (Allerheiligen).

**Note:** Lecture rooms will be added once all rooms are confirmed by the university administration.
